

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchin,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

WONDERFUL WORK.

The Prairie Sickle Guard a Great Success

Result of Practical Tests of a New Rock Island Invention—Comparative Trials.

A new invention which is the product of Rock Island genius is the Prairie sickle guard. To G. Mischler belongs the credit of this invention. It was subjected to three successful competitive trials on the meadow at Seventh street and Eighth avenue on Saturday, Monday and Tuesday, respectively, last. There was an immense gathering of gentlemen present on the three occasions to witness the test mowing. The competing mower was a first-class new one of Standard make. Mr. Mischler thoroughly demonstrated the efficacy of his invention in a manner most convincing and pleasing to the people present by attaching the Prairie sickle guard to an Empire mower over 20 years old, which he took from a scrap pile at Milan, and proved to the entire satisfaction of the spectators that the old Empire fitted with the Prairie sickle guard could do better mowing than the most modern mower on the market, cutting much cleaner and closer and with less driving powers than necessary to drive the new mower. The old Empire mower following in the wake of the new mower cut stubble 1 1/2 inch shorter, and would cut the fine Buffalo grass which would slip through the sickle of the new mowers. One of the great merits of the Prairie sickle guard is that it is self-sharpening. The sickle on the old Empire mower was as trenchant after three days' mowing as when first attached, while with the same amount of mowing the sickle on the new mower was reground four times. Another great advantage the Prairie sickle guard has, over that of any other mower on the market is, that the lower knives can be left glass hard in tempering—thereby greatly enhancing the cutting qualities—owing to the fact that no rivets are used to attach knives to the guard. The lower knives can be replaced or removed instantly without tools owing to an ingenious device which holds them solidly in place. New lower knives can be replaced in the field instantly without the use of tools, thereby avoiding the loss of time so valuable in the haying season. Another great superiority of the Prairie sickle guard is the fact that the guard is so constructed that it will repulse and throw out any hard substance it may come in contact with, such as wire, and without injury to the sickle and guard, while it is a well known fact that it will greatly damage any other mowers.

All parties present at the respective trials cheerfully signed their names to a list heartily endorsing and attesting to the superiority of the work done by the old Empire mower fitted with the Prairie sickle guard over any other work done by a mower they had ever seen.

The Prairie sickle guard can be attached to any make of mowers, new or old, with results not attained by any other mower on the market. Parties interested would do well to call and examine the competing mowers at Messrs. Mischler and Seeburger's, 306 Fourth street.

Any information will be cheerfully given at the agency, 1827 Second avenue, Rock Island, Ill. All correspondence should be directed to Agency Prairie Sick Guard Co., 1827 Second avenue, Rock Island, Ill.

His Personal Experience.

Hon. James W. Husted, while serving his sixth term as Speaker of the Assembly of the State of New York, writes: "State of New York, Assembly Chamber, Albany, Jan. 16, 1890."

I desire once more to bear my testimony to the value of Alcock's Porous Plasters. I have used them for 25 years past, and can conscientiously commend them as the best external remedy that I have known. Years ago, when thrown from a carriage and seriously injured, I gave them a thorough trial. In a very short time the pain that I was suffering disappeared, and within a week I was entirely relieved. On another occasion, when suffering from a severe cough, which threatened pulmonary difficulties, which I was recommended to go to Florida to relieve, I determined to test the plasters again. I applied them to my chest and between the shoulder blades, and in less than a fortnight was entirely cured. On still another occasion, when suffering from an attack of rheumatism in the shoulder to such an extent that I could hardly raise my arm, I again resorted to the plasters, and within a very few days the rheumatism entirely disappeared. I have them constantly by me, whether at home or abroad. My family as well as myself have found them to be a sovereign remedy, both for external and internal troubles. I never had but one kidney difficulty in my life, and the application of the plasters cured me in a week. I desire, as I said before, to bear my testimony in a public way to their efficacy, and I know of no better way of doing it than by giving you my personal experience."

Sleep on Left Side.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at Hartz & Bahnsen's. Thousands testify to its value as a cure for heart diseases. Mrs. Chas. Benoy, Loveland, Colo., says its effects on her were marvelous. Elegant book on heart diseases free.

Don't Be Afraid.

That shooting match which was to have taken place at the Forester Park in Davenport Thursday, between Thomas Laffin and Harry Clifford, for \$350 a side was postponed on account of the rain in the afternoon, till Monday next. This books two shoots for Monday—the second being the \$500 match between Clifford and George Somerson, of Coal Valley. Possibly, the latter may be postponed by mutual consent for a day or two.

That word Beaumont has a most distressing effect on the Union, which apparently from its position this morning, has forgotten how it lauded the Mouth-to-the-skies the last time it mentioned him, and in which for the first time in its history, it opened its columns to an interview. The results were so absurd, the fact that any paper could be taken in by a freak like Beaumont so supremely ridiculous, that the paper has not ventured so far out of its tracks as to publish an interview since.

A council called by the Second Baptist church to consider the advisability of ordaining its pastor-elect, Rev. E. D. Green, to the gospel ministry, was held Thursday, opening at 2:30 p. m. Rev. E. L. Scofield, D. D., of Erie, was elected moderator, and Rev. C. E. Taylor, Ph. D., secretary. The council proceeded with its deliberations and examinations, and at the close it was unanimously voted to proceed with the ordination services at 7:30 o'clock. In the evening, Dr. Scofield presiding, the regular order for this ceremony was observed, among those participating being Rev. Harvey Coffman, of Hillsdale; Deacon Harvey Dixon, Rev. J. W. Washington, of Burlington; Rev. E. L. Scofield, of Erie; Rev. W. L. Wood, of Orion; Rev. V. C. Rocho, of Geneseo; Rev. C. E. Taylor, of Rock Island, and L. L. Jones.
